As the title implies, it's mostly about the artwork of the game. But it also fills in more of the story. I thought SMT IV had a good story in the game, but a bit under developed. This help patch some holes so the game makes a little more sense. Also, I doubt I'll ever play through the game again because it takes so long, but I always wanted to know what happens if you take one of the other plot paths. While this doesn't describe the endings in detail, it does give some general ideas. I wish all Atlus RPG's got a book like this. 1 of 1 people found the

Fantastic Art BookBy Michael WalkerThe book is thickly filled with artwork and concept art for the game Shin
Megami Tensei IV. It's a nuce deal for its current price. Well worth it for fans of the Shin Megami Tensei series, as
well as art collectors.

In Shin Megami Tensei IV, samurai clash with demons and feudalism meets the futuristic in a post-apocalyptic world.
Shin Megami Tensei IV: Official Artworks collects the gorgeoi imagery behind this critically-acclaimed RPG for the
