Like most people, I rely on honest product reviews to make purchase decisions. Because the experience of others has been so helpful to me, I try to provide honest, helpful reviews to assist other shoppers in selecting the right products for them. The pictures are bright and colorful and it very interesting to read the origin of the maker of the shoe and what they are made of! I had this calendar last year and though there is an extraordinary selection of shoes, I probably would only want 25 of them for myself! Love the calendar... Many of my friends are buying it now also! Happy New Year! :) 1 of 1 people found the following review helpful. A gift for a friend By Anonymous V My coworker/friend had the 2013 desk calendar and our team would ooh and ahh over the shoes every day. I noticed she didn't have one for 2014 and was really happy to surprise her with this. She loves it, and so do the rest of us . There are alot of interesting shoes from past and present.
