Workman Publishing : Shoes 2015 Gallery Calendar before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shoes 2015 Gallery Calendar:

I love coming into work and flipping to a new - albeit often ridiculously crazy-looking - shoe. (I seriously wonder how you can even fit your feet in some of the featured shoes...) The color and quality of the photos are wonderful and 365 days of different pictures is so much more fun than a wall calendar with only 12 varieties. If you are looking for something to brighten your work space and your day, I highly recommend this calendar. 0 of 0 people found the following review helpful. Five Stars By GMMONTAGUE This is perfect for any shoe fanatic like myself. 0 of 0 people found the following review helpful. Exceptional! By Suzie Buying this calendar was probably the biggest hit this year for Christmas gifts. If you know someone that loves shoes, they will love this. And probably totally overlook that it is a calendar... who cares what day it is? What does the SHOE look like??!! Before long, everyone was on searching for shoe calendars. This is now my go-to gift for someone - no more pondering and searching for the perfect gift. Also, they used a nice, heavy paper stock - this is not a flimsy paper deal!

Nicholas Kirkwoods color block stiletto. A tartan pump from Manolo Blahnik. And a glittery sky-high platform for New Years Eve. Shoes is a bold and obsessive tribute to fabulous footwear, with hundreds of stilettos, boots, sandals, platforms, and pumps displayed in full color.
