If you are not familiar with this brand, I must say this---the pages are glossy!!! Not so bad when you are writing with ball point; but for the most part I write with gel pens and even after letting dry for several minutes it still smeared my writing. The same happened with

my sharpies. I have had good luck with ball point pens; but did not try to smear them. Let the sharpies dry for a bit when writing in this too!0 of 0 people found the following review helpful. The illustrations are bright and eye catching. Plenty if room to write my agenda items with ink or sharpie. I will buy another one in the upcoming year.

Its bold. Its sexy. Its the gorgeous datebook that indulges the shoe lovers obsession all year long. Combining a practical and generously sized week-by-week write-in planner with beautifully photographed and reproduced footwear in full color, Shoes Engagement Calendar brings high style to any desktop, purse, or tote. The elegant designs of Nicholas Kirkwood. On the cover, a vibrant color-block suede and leather stiletto from Ruthie Davis. Jan Jansens glazed blue metallic ankle boots. Fifty-two weeks of fabulous shoes, all in your size.
