Thom Denick, Michael Lummis : Sid Meier's Civilization V: Gods Kings Official Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Sid Meier's Civilization V: Gods Kings Official Strategy Guide:

10 of 11 people found the following review helpful. Great Book For A Fantastic Game!By Kindle CustomerNot only includes all the information from the original "Civilization V Official Strategy Guide (Bradygames Official Strategy Guides)", but also includes information on all DLC content released prior to publishing. (I believe there has been 1 DLC released prior to October 2012 that is not included in the book.) It also contains information on all the Civs, scenarios, added and changed content from the Gods Kings expansion. There could be more information on specific applied strategy, but there is general information included for each Civ as well as each method of winning.4 Stars!2 of 2 people found the following review helpful. Wasn't impressedBy FeifonwongI got this book because I have never played any of the previous Civilization games before. There is a ton of information online to sift through, and this

book gave me some good insight offline. I wouldn't recommend buying this book at full price. 2 of 2 people found the following review helpful. Great AIBy Salvatore R. Larosa This is a welcome addition to a great game. Fantastic strategy game for adults as well as young adults. Informative guide answers the questions the small game manual cannot although the game itself comes with a larger manual it is over 290 pages and will cost to print out. This book guide is what you need. Get it.
