Missing content...By Android AmberThis guide is perfect if you just want to beat the game and be done with it. This guide is HORRIBLE if you are like me, and want to get all endings and find all the secrets. This guide has the nerve to actually tell you about about secrets, and then NOT tell you how to obtain said items and/or info. For example, if you wanted the "Rebirth" ending, you have to have several items in your inventory at the end of the game. The guide tells of this ending, and the items and all but one of their locations. Obviously, they forgot to put in the item description next to the name of the item. I actually had to go and look it up online...even after PAYING MONEY for this "complete guide".I also found several regular items (example handgun

ammo, health drink, etc) not mention in the walkthrough.I advise just printing out a user written guide from one of the million cheat sites, sadly enough.And Yes, I have the correct guide for the system I am playing it on.
