From Touchstone : Simon Schuster Mega Crossword Puzzle Book #11 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simon Schuster Mega Crossword Puzzle Book #11:

4 of 4 people found the following review helpful. Satisfyingly Challenging By Customer My 93-year-old dad is a person who can do a diagramless crossword puzzle in an average of twenty minutes. Even he finds these puzzles challenging. We have had to take at least a half hour, usually closer to an hour-hour and a half. We have thoroughly enjoyed the challenge. We did find two or three mistakes, such as having Nebraska as an answer to "Oklahoma neighbor," or completely leaving out a clue. That just added to the challenge, LOL. We are ready to try the next one. 0 of 0 people found the following review helpful.
