Some of the answers are arcane to the point that I have never heard or seen them, and I am an avid reader of all sorts of material. However most crossword books are too easy, so I still give 4 stars. I do not do the NYT or WSJ puzzles, for full disclosure. They are beyond me, frankl;y.8 of 8 people found the following review helpful. A Christmas Gift for my Father who Loves Fun and Challenging Crossword Puzzles!By Wren MaczkaThis was purchased as a Christmas gift for my Father, who is an avid lover of crossword puzzles. He enjoys crosswords that have a higher level of challenge

and this was perfect! While searching for a book to get for him, it was important to me that I find one with enough content to keep him busy for a while - as he tends to go through them very quickly, as well as trying to avoid a book with puzzles he might have already done in the past. Crossword Puzzle books that are filled with new and challenging content are becoming harder and harder to find, so I was very happy to find this! I have since purchased quite a few of the Simon Schuster crossword puzzle books for him, and they always deliver! He has never been disappointed and often comments on how much he enjoys them! The larger print is great for him, and the variety in the range of difficulty is fantastic! I highly recommend this and other crossword puzzle books from Simon Schuster!
