John M. Samson : Simon Schuster Mega Crossword Puzzle Book #16 (Simon Schuster Mega Crossword Puzzle Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Simon Schuster Mega Crossword Puzzle Book #16 (Simon Schuster Mega Crossword Puzzle Books):

The perforated bright white pages are great, making the puzzles very practical By Dina Anargyros This is the sixteenth in Simon Schuster's Mega Crossword Puzzle books, and this is the sixteenth one I'm eagerly and excitedly into. The Mega books are jam-packed (+300 puzzles, starting with puzzles with less clues and gradually getting into larger puzzles towards the end), top-notch collections with puzzles crafted by top-notch cruciverbalists (crossword puzzle creators). The perforated bright white pages are great, making the puzzles

very practical, and easy to detach and read. As for puzzle difficulty, it varies. I've found some puzzles quite easy, with several quite challenging. But as a crossword puzzle fanatic, I just love the "thrill of hunt," working on the clues, trying to figure out a given puzzle's theme, and exercising and stretching my mind. I solve several of the puzzles, but am perfectly OK if I don't. For me personally, solving the puzzles are a nice bonus, but not the end-all (you can learn a lot of interesting and enlightening trivia as well!) Highly recommended for crossword puzzle lovers and wordsmiths, and here's hoping the S S continues the series (they've published one every two years or so). 7 of 7 people found the following review helpful. Beginners beware By Wendell Clark Not for the novice cross word puzzler. This is fun but difficult. 6 of 6 people found the following review helpful. Five Stars By KCMA Always a winner for my mom who loves crossword books!
