Anticipates 2016 election?By birdwalkerThe paper won't suck the ink out of your pen, and the pages are perforated for easy removal, but this series -- and this issue in particular -- are not carefully edited. Series e.g.: more than once you will be required to enter "reeds" for the definition "flutes and oboes"; the flute is definitely not a reed. In this particular issue (#2), e.g.: the clue is "neighbor of Niger", four spaces for letters. No problem; Niger has two neighbors with four letter names, Chad and Mali. As I already had an "1" and an

"i" the answer had to be Mali. But no, the M didn't allow me to figure out the word that crossed it. Finally, all other spaces filled, I had to check the answers, which told me the neighbor of Niger was Bali. Bali? There's no Bali in Africa, let alone a neighbor of Niger. However, you really should purchase this edition as a souvenir for this reason: puzzle number 141 has as across clue #5 "Taj Mahal builder", with the answer "Trump", and down clue #10 "5 across, notably" with the answer "firer"! N.B., this issue copyrighted 2008; this review written in 2016.0 of 0 people found the following review helpful. Good But Not Great! By oldslicethis is a great book size-wise, I won't run out of puzzles any time soon, but the puzzles are a little unusual compares to most; sometimes it seems like they almost make up new words. It's fine, just not your typical crosswords.0 of 0 people found the following review helpful. Great price and arrived quickly By Marie Theo Purchased as a gift for my husband.
