Over all a permanent fixture at my side while enjoying the challenge of puzzles. Would and have recommended to friends. Fair price.0 of 0 people found the following review helpful. Helpful took for crossword puzzle loversBy S. CecilMy 91 year old mother does the morning crossword in our local paper every morning. She had an old copy of this book - and it was tattered and torn and taped together because she uses it so much. I purchased a new book for her - and she was delighted. Anyone who does puzzles on a regular basis will definitely use this book.
