It is at best only a refresher for those who already know, but even then it doesn't include some of the fine details/nuances of rules that are most likely to be needed. 0 of 0 people found the following review helpful. Rules for Card Games is a sophisticated guide to 30 of the most popular card games with easy-to-follow text and illustrations. Perfectly priced at \$10.00, this hardcover volume is just the right impulse item to pair with high-end and inexpensive gifts alike (a bottle of scotch, a cocktail shaker, a tin of gourmet popcorn, or a classic pack of Bicycle playing cards). The book is designed with ultimate cross-over appeal in mind; it's a great offering for hostesses, dads, grandparents, and college kids. After all, card games bring all kinds of people together!While there are many "ultimate" card rule books crammed with fine print, this book represents a selective group of 30 of the most popular and easy-to-learn games. The text is easy to follow and, wherever possible, diagrams and illustrations are used to help spell out the rules and strategy.
