Alan Frank : Sinatra before purchasing it in order to gage whether or not it would be worth my time, and all praised Sinatra:

0 of 1 people found the following review helpful. for completists onlyBy Jerome R. DodsonNothing here you haven't read in half a dozen other Sinatra bios. The text manages to be flat and puffy at the same time, and the font is overly large, in order to pad out what is obviously a cut-and-paste homage. Some nice pictures, mostly BW. Still, not worth it unless you want every book ever published about FAS. I'd save my money and go buy his albums if I were you. For completists only.
