I completed reading this book in 3 days. The book really picks up for me after LA meets Babyface meets Pebbles. The three of them moving to Atlanta did so much for the music industry and the world. They were able to discover some of the biggest talent in the South and I do not believe they get their just due for that. It's true that music marks time and reading this book, remembering the songs and pulling the videos up on YouTube took me back to a carefree time of my life being in college and experiencing life with loved ones who were still living then. The anecdotes on how Babyface got his name and how he HATED it in the beginning, the story of LA Reid and Babyface writing "End of the Road" and "Love Should've brought you Home" for Anita Baker and her not really feeling them. Those two songs created Hall of Fame careers for Boyz II Men and Toni Braxton. LA Reid taking his boss's Clive Davis Job.. and still having to meet with him. Then in the biggest turn of events losing his job after bringing two of the biggest Artists of Arista selling 10 Million records each - Pink and Avril Lavigne. Who in the hell gets fired for making MONEY!!!!? That shows you Corporate Politics are REAL. To listen to LA Reid describe his biggest regret of dropping Lady Gaga.. you can hear it. Damn near feel it. He rebounded by helping find Justin Bieber. Overall, GREAT BOOK.. Great insight into the music business and what happens behind the scenes. It reminds of a Doug Morris quote LA says in the book.. "It's better to be lucky than to be good." This book was based on both. Do yourself a favor, and buy it. 6 of 6 people found the following review helpful. LEGEND!!!! Joseph Reading this book has helped to see the man who was and is behind the many wonderful talents the world has come to know. He's a living legend and I'm thankful he took the time to share a little bit of his world with us. I can't help but look at musical artists differently knowing what I know now. Hopefully our paths will cross one day and I can share my thoughts of this books with him in person.
