Four stars instead of five because at the back of the book the "answers" are shown, with a full page for each. He said, "I don't need the answers. I want more connect-the-dots," and I had to agree.0 of 0 people found the following review helpful. Three StarsBy Gale P.Just okay0 of 0 people found the following review helpful. Relaxeverything will work out! You will see that just like these connect-the-dot books, you will be able to find solutions by linking one to the next. The greatest advantage of playing connect the dots is that you learn to see patterns

and relationships. Such ability forms the foundation where future knowledge can be built. Secure a copy now!
