**Trip Payne : Sit Solve Fun Easy Cryptograms (Sit Solve Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sit Solve Fun Easy Cryptograms (Sit Solve Series):

2 of 2 people found the following review helpful. Fun Way To Pass The TimeBy OakleyI do two or three of these puzzles an evening to relax, after I am already in bed. They are not only an engaging way to help me forget the stress of the day and relax me into sleep, they often result in a very delightful quote. The book is small enough to pop in my purse for those times when I know my day will be full of awkward bits of waiting time. I often don't use the hints, but they are there when needed, and helpful. Books of cryptoquotes are sometimes hard to find, so I was thrilled to find this little gem.2 of 2 people found the following review helpful. Good for travelBy Mary PalanzaLike it's size for travel or keeping in purse. However, the print is small and the letters very close together. Makes it hard to write the letters over top of the words.6 of 6 people found the following review helpful. Nice but a little too small...By Dave

ENice "little" book of cryptogram's...I thought it was nice and compact to put in my pocket and use it during travel... It works but would like a little more room to write above each line for solving. Could have spread out the words a little bit but overall not bad. I would recommend it.

Each of these cryptograms takes only a few minutes to solvethats why theyre easy. What makes them extra fun, though, is the entertaining celebrity quotation thats revealed after the code is broken and the puzzles complete. Now in an attractive new edition.

About the AuthorTrip Payne is a three-time champion of the American Crossword Puzzle Tournament and was recently featured in the documentary Wordplay.
