**BradyGames : Skylanders Trap Team Signature Series Strategy Guide (Bradygames Signature Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Skylanders Trap Team Signature Series Strategy Guide (Bradygames Signature Guides):

2 of 2 people found the following review helpful. A Great Guide, Just Beware of the Missing Elements By DE-JessA

great guide, understanding that it was published at the same time the game was released, so yes, it's missing the light/dark elements and some Skylanders. I would point out, though, that the game itself came with a cardboard platform to store crystal traps, where a number are represented by question marks. Either this was an intentional tactic by Activision to keep people interested beyond the release date, or the release project missed some key dates and they didn't want to pull the plug on the planned date. But I blame none of this on BradyGames, and the guide is consistent with the earlier game guides (Swap Force, etc.), outside of the missing information of course.0 of 0 people found the following review helpful. Hey you forgot something! ;)By LADYTECHMy 7yr old grandson loved the book, he said it was filled with awesome information. But he did ask, Why did they not include the Dark and or Light editions? I explained best I could, but I guess no answer was good enough it was a Skylanders book it should of had it all (his own words) and so that disappointed him. But all in all it's an awesome informative book if you love Skylanders.3 of 3 people found the following review helpful. Its what you expect form a strategy guide but this ...By Judith DunnaganIts what you expect form a strategy guide but this one is of a larger size its the size of a note book.
