I used to order books from Japan to get new Slitherlink puzzles because there were very few books that featured Slitherlink in the US so I was very pleased to discover this series. I'm about a third of the way through this book and am enjoying the puzzles immensely. Looking forward to trying my hand at the the variety of other puzzles included at the end of the Slitherlink sections. Extremely happy with this purchase. 0 of 0 people found the following review helpful. I enjoy puzzle games By onigiri123 I enjoy puzzle games, especially Japanese puzzles.
