Vast array of items in this book along with color photos makes for a great reference book for the collector and dealer of vintage games and coin operated machines. I highly recommend this book to anyone interested in this type of item. Thank you.0 of 0 people found the following review helpful. Not a slot machine guideBy bottleguyI had hoped this book had more info on slot machines. There are only 17 pages devoted to slot machines. Why the name of the book starts with " Slot Machines" is puzzling. It seems if the few pages on slot machines were an afterthought. I wasted my money buying this book as I wanted more info about slots!0 of 0 people found the following review helpful. Five StarsBy CEMItem as described , fast delivery
