Jim Gibbs : Twilight on the Lighthouses (Schiffer Maritime Book) before purchasing it in order to gage whether or not it would be worth my time, and all praised Twilight on the Lighthouses (Schiffer Maritime Book):

The safety of the countless people depends on lighthouses. These sentinels from California to British Columbia are pictured and discussed historically in great detail by author Jim Gibbs. Dramatic vintage and color photos of stark coastal landscapes and many unavoidable shipwrecks are presented as part of the lighthouse story where human courage links all events. The lighthouse keepers are portrayed heroically while their jobs are gradually being phased out; this is the twilight of lighthouses' use for navigation.

About the Author Jim Gibbs is a lighthouse keeper and former editor of Seattle's Maritime Digest. He resides now at Cleft of the Rock Lighthouse in Oregon.
