From Brand: HarperCollins Publishers : Two-Over-One Game Force before purchasing it in order to gage whether or not it would be worth my time, and all praised Two-Over-One Game Force:

0 of 0 people found the following review helpful. 2/1 Reference Book: PricelessBy Tiber WhieldemIt is the definitive book on the 2/1 (two over one) convention. This book lays out the Reasoning along with a history In the development of 2/1 bidding practice; The process and implications of hand evaluation become easier to apply when understood in the context of the 2/1 system. Max Hardy gives explanations of the why along with how to implement this convention. I strongly recommend this book to anyone who desires to take up and/or improve their 2/1 bidding.0 of 0 people found the following review helpful. Waste of money.By ReceptorqueenToo complicated. Bought Thurston book and use it instead. Don't waste your money.0 of 0 people found the following review helpful. Great Book for Serious PlayersBy W. FreemanI've read several books on this. Many recommend Audrey Grant. She's good and if you're just learning it's probably an ok book. This book is great. If you know bridge, this is the only one I know that integrates all the systems you should know into 2/1 - and isn't that how it should be? Why learn responses to 1NT and not learn Smolen? My only issue is it doesn't incorporate Bergen Raises. If that were in it the book would be perfect. LOVE THIS BOOK!!! My bridge bible.

A thorough explanation of opening bids and responses, plus competitive bidding and useful gadgets. Recommended

for Intermediate through Expert.
