Scott McNeely : Ultimate Book of Card Games: The Comprehensive Guide to More than 350 Games before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultimate Book of Card Games: The Comprehensive Guide to More than 350 Games:

2 of 2 people found the following review helpful. Handsome book, but too condensedBy RoscThis is a handsomely made book. And for the \$4 used book price I got my money's worth. It's a bit too terse for me, meaning, it does not go into enough detail. This book does not clarify enough of the rules to be very useful in learning the games if you're not already familiar with them. Each listing is more like a summary about the game, and does not go into any detail about

the actual play or rules. Guess I'll get the official Hoyle, or Bicycle's, rules of card games books. Bicycle Official Rules of Card Games

5 of 5 people found the following review helpful. Makes a great gift

By polyglot This is a beautifully bound little book. I bought it as a present for my mother, who loves card games. We both loved the organization of the book into chapters based upon the number of players (as well as the helpful indexes). The book includes a wide variety of games and variations -- you won't easily get bored!

0 of 0 people found the following review helpful. Love it

By 007 It arrived on time, as described by manufacturer, it was shipped on time, arrived within prescribed estimates, the packaging was undamaged, and the product itself was unmolested and made with quality materials. A very thorough instruction manual for many card games I was unaware of. Great job and I would recommend.

Classic and comprehensive, this guide to over 350 games is sure to appeal to all ages. From Bridge to Poker and Solitaire to Hearts, card games are a beloved source of entertainment and competition (and they are recession proof!). This authoritative book is ideal for every household, college dorm, family cabin, or neighborhood bar that has a pack of cards. Designed in the style of the popular Ultimate Bar Book, this essential resource provides the rules to dozens of variations of your favorite games, and a few you've probably never heard of (Bezique, anyone?). With simple instructions and clear illustrations to guide the way, this volume will be a welcome addition to any gamer's library.

About the Author Scott McNeely is the author of Chronicle Books' Poker Night and Casino Night. His writing has appeared in numerous magazines, Web sites, and travel guidebooks. He lives in Portland, Oregon.
