**BradyGames : Ultimate Marvel vs. Capcom 3 Signature Series Guide (Brady Games Signature Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ultimate Marvel vs. Capcom 3 Signature Series Guide (Brady Games Signature Series):

1 of 1 people found the following review helpful. Amazing GuideBy CustomerThis is one of the best strategy guides I've ever seen. It's well organized and written by people that clearly know and love the game. It doesn't just list the moves and frame data, it gives in-depth strategies and commentary on each character and their playstyle. Outside of the character sections, there is a lot of helpful general-knowledge fighting game information for new players, along with definitions for common fighting game terminology. Everyone should own this.1 of 1 people found the following review helpful. Top notch strategy guideBy Earnest F. CavalliI didn't expect much from a fighting game strategy guide, but the authors of this book went all out to include absolutely every bit of minutiae they could possibly cram

into this book. Granted, it doesn't include some of the newer tech discovered by hardcore players in more recent months, but if you're looking for a handy, aesthetically-pleasing repository of all information available on Ultimate Marvel vs Capcom 3 at the time of its release, this is the book for you. AND, thanks to the aforementioned aesthetics, this strategy guide makes a not unwelcome addition to your coffee table (even if your significant other -- like mine -- generally abhors stuff like this). 5 of 5 people found the following review helpful. The Ultimate Guide! By A.W. The Ultimate Marvel vs. Capcom 3 Guide from Brady Games is absolutely wonderful. This 600 page monster has so much great information, I would recommend it to any person, of any skill level, amateur to tournament level player, to improve their understanding of this game, and really take their fighting prowess to the next level. The character specific strategies, in particular, have really helped me grasp the intricacies of fighting with my favorite team (Ryu, Iron Man, Ghost Rider) and I have been winning many more games online since picking this guide up. Everyone who plays Ultimate Marvel vs Capcom 3 needs to get this guide.
