I like that the stickers go along with a small caption, so that he has to read the information. It was very thin (just a few pages) but worth the purchase.0 of 0 people found the following review helpful. A great big smile maker.....By Babsy13I am a BIG fan of DK Publishing. I have purchased this sticker book for my grandson Sam and he loves it...and so do I. I can always rely on DK for a quality product that is sure to put a big smile on my grandchildren's faces. The stickers are strong, colorful, and easy to use so there is no frustration experienced like I have had in other sticker books that tear easily and cannot be reused. These DK sticker books are one of my "go to" products when I want to give my grandkids something extra special. I would recommend to anyone

who is looking for a quality product that is sure to please.0 of 0 people found the following review helpful. Five StarsBy CustomerTy
