BradyGames : Ultra Street Fighter IV Bible before purchasing it in order to gage whether or not it would be worth my time, and all praised Ultra Street Fighter IV Bible:

2 of 2 people found the following review helpful. Good info, but Patch 1.04 makes some things outdatedBy MThis is a fantastic no-frills guide. A very thorough introduction to the mechanics of the game (including more advanced topics such as plinking, option selects, and the juggle system) is included in the beginning. Each character is listed alphabetically, and it has frame data and hitbox/hurtbox data for all normals, specials, supers, and ultras. There is a really good listing of practical combos, matchup advice, as well as advice on which ultra to pick. That being said, several recent patches after the Ultra release has made some of the information outdated. For example, Yun's ex lunge punch is now -1 on block, not +1. Almost all the information should still be correct, but you're not going crazy if you think some of the information is wrong. Look it up online to be sure! 1 of 1 people found the following review helpful. A pleasantly overwhelming experienceBy RadicalDreamerMore than most people will ever need to know about the

USF4. :) I'm enjoying the general content, and I'll probably be using mostly to check out one character at a time, as I find I'm playing them. I won't be reading this cover-to-cover anytime soon, but it's kinda nice not looking at a screen while I'm doing some research. Also, at least when I bought it, bradygames does offer a free digital copy on their website with this purchase. That means you'll have an updated version when they inevitably patch the game and make parts of this guide obsolete. :P Ain't balancing fun? 0 of 0 people found the following review helpful. NO ONLINE ACCESS FOR UPDATES MADE TO THE GAME By Customer Complaints and Compliments GUIDE IS OKAY BUT THESE MAGAZINES SHOULD GIVE ONLINE SUBSCRIPTIONS FOR UPDATES

Only the Ultra Street Fighter IV Bible from BradyGames provides the ultimate reference to Capcom's most famous fighting game! Hitboxes and hurtboxes for every move in the game! The screenshots in this guide show all of the details that you cannot see in the game. Learn the reach and area of each attack to punish your foes. Full frame data for the entire cast! Discover the startup, recovery, and active frames for each attack and learn each move's advantages and disadvantages to get the most out of every character. Comprehensive character strategy! Detailed strengths, weaknesses, and strategy for every character at every range. Tips and tactics from tournament veterans for establishing a gameplan and following it through to victory. Reliable and situational combos for every character! Learn bread and butter combos for dependable damage in any stage of a match, coupled with combos that take advantage of specific matchups and special situations.
