Naughty Dog : Uncharted: The Poster Collection (Insights Poster Collections) before purchasing it in order to gage whether or not it would be worth my time, and all praised Uncharted: The Poster Collection (Insights Poster Collections):

3 of 4 people found the following review helpful. Little underwhelming.By NanaI love Naughty Dog, I love Uncharted. But this poster book left much to be desired. I practically collect the damn things at this point and I wish I could have seen more character art, more concept art as I've seen in all the others. Some photos that were chosen were just plain awkward to look at. The best posters are the last few which are for Uncharted 4. And for the other three games, the best posters are only the ones that were used for their individual game boxes' cover art. Ugh, I just expected so much more! Better quality! Still love you Naughty Dog, you bastards.0 of 0 people found the following review helpful. Five StarsBy Kayla BurkheadI absolutely love this series.This is a MUST buy for the fans.

Collect the thrilling art of Uncharted with this exciting new poster collection. Featuring a striking selection of forty removable posters, this collection contains full-color art of the characters, environments, and key scenes from the best-selling Uncharted franchise. With incredible images of fortune hunter Nathan Drake as he navigates territories around the world, embarks on high-stakes expeditions, and faces relentless enemies, this poster book will take fans back to the immersive world of Uncharted.

About the Author Insight Editions is a publisher focused on creating superlative illustrated books on photography, music, and popular culture.
