Greg Stolze, John Tynes : Unknown Armies before purchasing it in order to gage whether or not it would be worth my time, and all praised Unknown Armies:

What will you risk to change the world? In Unknown Armies, players take the roles of movers and shakers in the occult underground, fighting a battle for the ultimate prize: ascension to a higher plane and a hand in creating the next incarnation of reality. Loathsome monsters, bizarre supernatural forces, mind-bending magic, warring cults, and ten thousand bullets it's a pulp apocalypse, and the players have front-row seats for the steel-cage death match of all eternity.
