If you love fashion; you will love this book. I read it in two days. It is filled with many pictures and short stories. Just knowing that Bob was the creator of Carol Burnett's outfits made this book all the more interesting. Not only her but, other celebrities, as well. Bob himself is a great creative being. Totally interesting. 0 of 0 people found the following review helpful. Five Stars By Kathy

Ask anyone what Cher wore to the Oscars in 1985 and they can describe the Spiderwoman headdress, the exposed navel, and the looks on people's faces when she made her entrance. Ask about Carol Burnett's "Went with the Wind" dress, and they'll say it was a green velvet Southern Belle costume made from drapes--with the curtain rod still attached. Funny and outrageous, these are just two of the many costumes Mackie has indelibly etched into our minds. He has also dressed such celebrities as Elton John, Bette Midler, Diana Ross, and RuPaul; designed for Broadway, Las Vegas, opera, and ballet; and currently runs a couture business with licenses for fragrance, fashion accessories, eyewear, suits, furs, home furnishings, and collectible Barbie dolls. This spectacularly bright and colorful book is as outrageous as Mackie's designs. In addition to classic photos of marvelous Mackie-clad superstars of the last three decades, glorious gatefolds and specially commissioned color photographs by Gideon Lewin illustrate Mackie's extraordinary achievements. Unmistakably Mackie demonstrates how this seven-time Emmy Award-winning designer has reached the consciousness of the American masses and turned them on to a stylish fantasy that is purely his own.

"Bob Mackie has given the fashion world sex appeal, drama, over-the-top wit, and drop-dead style. He's the master of curvaceous, show-stopping evening numbers that exude a heavy dose of glamour. And Mackie's skillful hand with exquisite beading, elaborate pleating, and seductive sheers is extraordinary. Cher often makes her much-publicized entrances in a Bob Mackie, but this designer can turn any woman into a ravishing siren."--Etta Froio, Editor and Associate Publisher, W
