Clark Less than a year after the release of UNPLUGGED CROSSWORDS, Mark McClain is at it again with Volume # 2. Crossword fans can look forward to another collection of outstanding puzzles with lively themes and provocative clues. Having worked my way through a representative sample, I am finding that, overall, the puzzles are somewhat easier than those in the first book -- but just as much fun. If you like crosswords as much as I do, you won't be disappointed with either of these books. 2 of 2 people found the following review helpful.
