Simple puzzlesBy MikeThis fit the bill for what i was looking for - as you'd expect from the title, nothing too hard, just fun to puzzle over and complete. Nothing here to frustrate or give you a headache.I took 1 star off for the cover - it's stiff but despite the spiral binding cannot be folded around to the back easily because front back are actually a single piece. This means whenever you are using it, it'll be fully opened and twice the size. I've tried forcing it flat on the back but then the front won't lay flat - i'll probably end up cutting it off.0 of 0 people found the following review helpful. Five StarsBy George L. USA Today Crosswords - very difficult cluesBy lilaThis crossword book did not live up to its name. The clues were very difficult, and in most of the puzzles 70% of the clues were just ordinary crosswords generic to any puzzle book, such as name another word for

"amaze." Clues for the director of a film, the name of a role in the film, instead of the name of the actual actor. Song title clues for artist's lesser known work. Of the 100 clues in each puzzle, I would only be able to complete maybe 20 of them. Very frustrating. Would not recommend.
