USA TODAY : USA TODAY Logic 2: 200 Puzzles from The Nations No. 1 Newspaper (USA Today Puzzles) before purchasing it in order to gage whether or not it would be worth my time, and all praised USA TODAY Logic 2: 200 Puzzles from The Nations No. 1 Newspaper (USA Today Puzzles):

By Josette Collins  
some of these puzzles are challenging and fun, but some are missing clues or have other typos. Even the answers sometimes have typos. For example, the answer might be Henry and there is no Henry in the puzzle OR there are items a, b, c, d, and e and two of them have the same answer and one option is left out OR it will say according to clue 5 and the puzzle only has 4 clues. It is obvious that after reading the answer that you need clue 5 to complete the puzzle and the "5" is not a typo for one of the 4 clues. The problem is know which puzzles are OK to do and which are faulty until you have actually tried them. I would say approximately 10% are faulty.

By MJF  
This is a great puzzle book, but the paper is much poorer quality than these books used to have ... yes, I know that this newer paper is a better alternative from an environmental standpoint, but it is more difficult for aging eyes because there is less contrast.
