It's still geared toward newbies, and some of the stuff in it I learned about online for free, but you gotta start somewhere. I feel like this was worth a few bucks.2 of 2 people found the following

Pretty much a waste of time and money. It doesn't tell you anything new. There are several Fallout 4 websites that are much more useful.

Waste of \$3

I'm not sure why they charge \$3 for this, it should have been free because the information was pretty useless.

The date is October 23, 2287. You wake up to find that the world in which you once called home is a wasteland. Luckily, just before things went to hell, you, your wife and your son were admitted to Vault 111 and put into stasis. When you finally get your bearings, you realize that your son is missing and your wife is dead. Your mission is to avenge your wife's death and find your son. Can you do it? You can if you have a copy of "Vault Dweller's Secrets: An Unofficial Guide to Fallout 4." "Vault Dweller's Secrets" is your best bet as far as Fallout 4 guidebooks are concerned. This Fallout 4 guide is jam-packed with info to help you immerse yourself in the world of Fallout 4 and complete your mission. Some of the things you will learn in this fallout 4 guide book include exploits, bugs and glitches, and a whole lot of things you probably didn't know before like how to get unlimited caps, fusion cores, ammo, and XP.
