**Aleksei Kruchenykh : Victory over the Sun** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Victory over the Sun:

0 of 0 people found the following review helpful. Beautiful Edition By Alexander Kanter This is an exquisitely published, two volume set detailing lots of the dramaturgy and production history surrounding this formative work. The illustrations and editors notes are wonderful and the copious amounts of research that went into this are thoroughly displayed. Well done.
