Mr. Jerry Banfield : Video Game Addiction Stories before purchasing it in order to gauge whether or not it would be worth my time, and all praised Video Game Addiction Stories:

This book is an accumulation of various gaming addiction stories from real people. You might laugh or you might cry when you read lines like this: "By now TK and Keith had full blown World of Warcraft addictions by any definition ranging from telling girlfriends they were going to bed and then staying up ten more hours to game to actually getting

their girlfriend to play World of Warcraft with them." You might laugh or roll your eyes when you read quotes such as "I wondered how many times I could handle failing like this before I just gave up and settled for the first fugly bitch that came along and wanted to get married?" I have compiled these stories to not only help people with gaming addictions but also to bring an understanding to family members and friends of gamers. There are so many aspects of gaming addiction and these stories encompass various peoples walks with playing excessive amounts of addicting games. This book is not a traditional book. You may want to jump around to different chapters in any order to find what stories most relate to you. I have saved my own story for last and would love for you to check it out. Female gamers might get the most out of reading Chapter 4 which is a story written by a nineteen year old female. Chapter 5 is about a high school boy who now has to get dentures because of his gaming habits. He has turned his life around and joined the Army. For anyone who has doubts about gaming addictions please read chapter 8 which includes numerous short stories about gaming addiction and can give you a quick look at what different gamers go through. I encourage you to read all stories and get a better understanding of what gaming addicts go through. The idea with this book is to share stories and to gain a complete perspective on the good, bad, and the ugly of playing too many addicting games. I hope you will submit your story at gamingaddiction.net after you read this story so that future editions of this book will offer even more value than this first edition!
