From Little, Brown Book Group : Vogue Covers: On Fashion's Front Page before purchasing it in order to gage whether or not it would be worth my time, and all praised Vogue Covers: On Fashion's Front Page:

Inventive, glamorous, gorgeoussince the beginning Vogue has set the platinum standard for fashion magazines the world over and has become an icon in its own right. Vogues covers sum up the superlative visual ideals of the whole magazine. For the first time, this book brings together in one volume nearly a century of covers both illustrated and photographic. Over 200 stunning images have been selected from an archive of more than 1,500. What sets Vogues covers apart is that each is so bold, so beautiful, and so emphatically different. They mark the course of history, chart changing fashions and ideas of beauty, and hold up a mirror to the cultural and social revolutions of the 20th century.

Since 1916 Vogues covers have celebrated the most striking women of our age, captured by the century's leading photographers, the greatest artists, and the most inventive fashion. Brilliant, captivating, and full of life, this is the face of the worlds most influential magazine and the original style bible.

"This extensive and beautifully designed collection proves the photo archives at British Vogue to be a fascinating catalogue of a celebrity, wealth and success." Publishers Weekly
