Watch Dogs 2 SuperfanBy Cody MockI have been a fan of the Watch Dogs series for a long time and with the addition of Watch Dogs 2, I became a superfan. I bought Marcus' (main protagonist in the game) replica that and this strategy guide. The guide came with 4 buttons that he wears in the game along with a code so you can have a digital guide as well. The guide itself is hard covered which has a nice glossy touch to it. If your a fan for any game, why not have the collectors edition guide to fit your collection.0 of 0 people found the following review helpful. Five StarsBy Mohammed AL-AbbasiThank you so much :-)
