If you already are a life master and can flawlessly execute basic card play through more advanced end plays, you might not benefit much from this book. Similarly, if Bridge for Dummies seems to be all that you need, this probably is not the book for you. However, if you

want to become a better card player -- this book has nothing to do with bidding -- and fall in between these two groups, this book provides soup-to-nuts coverage of the basics. As noted, it is a bit slow, although over time it reads a bit faster and is well worth the read. I have read most of the classic bridge books, and this is one of the ones that always will have a place on my shelf. 0 of 0 people found the following review helpful. The bottom line for becoming a good bridge player. By Phillip Rohlin This is a methodical breakdown of the various card combinations and permutations you must understand to effectively play the hand in bridge. It is a seminal work which grounds you in the axiomatic essentials for becoming a good bridge player. It is clear and meticulous. If you can get a solid grasp of this material, you can become a great player. I love this book because it lets you know that if you can grasp its essentials, you will be an existential threat to all your opponents. Great examples.....and explanations for each. The idea is to go over the example hands again and again as that's what you will experience, 95% of the time.

This is THE BOOK that every strong bridge player in the world has studied. Louis H. WATSON, the author of this book, was rated as one of the ten outstanding Bridge players in the world by all experts and authorities. Collier's Magazine of March 24, 1934, ranked Mr. Watson as No. 4 player. Ely Culbertson considered Mr. Watson "among two or three authorities really qualified to write on Bridge, because he is a master player, a great analyst and a fine writer-all in one." For many years Mr. Watson was closely associated with Mr. Culbertson as, Technical Editor of The Bridge World Magazine. As Bridge Editor of The New York Post, Mr. Watson wrote daily for this newspaper and associated newspapers. The Post said: "Even more than for his skill, and his Bridge trail-blazing, Mr. Watson deserves a special niche among Bridge masters. For he is a Bridge expert who can also write. He can make the most complex and critical Bridge situation as clear as simple honors." MR. WATSON'S CHAMPIONSHIP RECORD In 1934 he won the Team-of-Four Championship of the All-American Whist League at Chicago with Samuel Fry, Jr., A. Mitchell Barnes and H. Hither Boscowitz; also won the Contract Pair Championship of the same tournament with Samuel Fry, Jr. In 1934 he won the Cavendish Club Individual Trophy, competing against a score of New York's master Bridge players. In 1933 he won the Team-of-Four Championship of the All-American Whist League with Samuel Fry, Jr., Walter Malowan and Charles Lochridge; also won the Contract Pair Championship of the same tournament with Samuel Fry, Jr. In 1932 he won the National Team-of-Four Championship of the American Bridge League at Asbury Park with Oswald Jacoby, Michael T. Gottlieb and Theodore A. Lightner.
