Random House : Webster's Crossword Puzzle Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Webster's Crossword Puzzle Dictionary:

9 of 10 people found the following review helpful. Old edition By Patrick Oshea I was conned into buying this book. I own an older (flawed) edition. The publication date is specified as 6/10/2003 (by). No such date appears in the book, which states that the work was originally published in 1999. I would have waited for the next edition rather than buy a version that is already five years old.
