By Darrel M. Gander
This book was purchased to replace an older Webster's Crossword Puzzle Dictionary which was falling apart from much use. I am not usually a complainer, but in this case I must. This new one was a great disappointment! The print is small. The item headings are

not clearly indicated. I have found some words in the old dictionary which were not in the new one. If I could exchange this book for another copy of our old one, I would do it in a minute. 0 of 0 people found the following review helpful. Enjoy using it! By wwamp I bought the Webster Crossword Puzzle Dictionary to replace one that I shared with someone else. I missed it and wanted one for myself. I really am excited to have it.
