Like a corpse in a zombie movie, the Goth movement has been resuscitatedstronger, more powerful, and more contagious than ever before. From fashion to music, Goth influences have crept into every area of pop culture, and nowhere is that influence creepier, more fascinating, and more playful than in the art world. Weirdo Noir is the follow-up volume to Weirdo Deluxe, the book that brought the once underground Low Brow art scene to prominence in the public eye. In these pages you'll find the latest and greatest work from 30 Low Brow artists who have embraced the dark side, employing gothic themes in their art. Spooky and witty, Weirdo Noir is destined to become a classic of the millennial Goth aesthetic.
