Robert W. D. Ball : Western Memorabilia and Collectibles: Price Guide Included before purchasing it in order to gauge whether or not it would be worth my time, and all praised Western Memorabilia and Collectibles: Price Guide Included:

0 of 0 people found the following review helpful. Three Stars By Leroy S. should be titled Mid-western ...' false advertising, should have glanced thru before purchase. 0 of 0 people found the following review helpful. Good general info By Jim Snyder This is a good book, but like all price guides, it gets dated pretty fast. It still has lots of good reading though. it still has lots of good pictures and reference material.

Bob Ball explores areas that will surely be of interest to those fascinated by tales of the Old West. Here are photographic examples of tools, barbershop implements, gambling devices, signs and posters, and a myriad of other infinitely interesting collectibles. He features "cowboy" items, including revolvers, pistols, maps, boots, and chaps, and horse gear, such as bits, saddles, and spurs. A fascinating section covers modern items, such as cowboy-movie

posters. A thorough price guide ties it all together. For those who enjoyed Bob's Cowboy Collectibles and Western Memorabilia, this new volume of Western memorabilia is a must.

About the Author Bob Ball is a lifelong resident of Connecticut. He is an Army veteran, a military historian, and a dealer and collector of militaria and firearms. Long interested in the early West and the life of the cowboy, he continues his exploration with this sequel.
