I'm a big fan of Kelsey so was excited for this anyway, but when it arrives it really blew my expectations out of the water. So beautiful. This is a really high quality book compared to other coloring books, including other adult coloring books. The cover is durable and it's made using really high quality paper. Probably my favorite thing (after the art) is that the almost square pages are perforated for easy tearing out - roughly 9x9. I'm planning to get some 12x12 record frames, mat my favorites and hang them in my apartment! Awesome for yourself, even better as a gift! Will be ordering more! 2 of 2 people found the following review helpful. The. Best. Coloring. Book. EVER! By Andy Batty This is the best coloring book I have found! I have purchased other books, and liked them. But decided to purchase this book after seeing Kelsey Montague's wings mural in Nashville. I was so pleased when I leafed through all of the pages. I like to color in the other book I have, but when I look at this book, I just want to dive in! I think the designs in this book are way more artistic and pleasing to the eye. I am so excited to have found it! I bought one for me and one for my friend who will celebrate her birthday tomorrow! 3 of 3 people found the following review helpful. Gorgeous, interactive, and inspiring. #Whatliftsyou By Mike Holliday Absolutely gorgeous coloring book, filled with unique images and inspirational pieces. Kelsey's interactive style comes out through an entire section of art that can be

taken out of the book and used interactively- your own set of wings? Priceless! I can't wait to see Kelsey's next set of books, and where she'll take us!
