**Teresa Marrone : Wild Berries Fruits of the Midwest Playing Cards (Nature's Wild Cards)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wild Berries Fruits of the Midwest Playing Cards (Nature's Wild Cards):

1 of 1 people found the following review helpful. Informative but a challenge to read...By PixydustThe cards are very informative however, they are not standard sized playing cards. I must have over looked that detail when I read the description. In any case, if you have vision challenges then I suggest researching a better set of cards. Ones that offer a larger point size in the text.0 of 0 people found the following review helpful. DisappointedBy BDisappointed. Thought there would be more info. about each fruit.0 of 1 people found the following review helpful. Five StarsBy pink

This gorgeous deck of cards features real photos of 52 of the most common and important wild berries fruits of the Midwestern states. Foraging for food is increasingly popular in this land of lakes, forests and prairies, and you can enjoy learning about the region's wild edibles while playing your favorite card games.
