I have had this near my bed all year and pick it up from time to time and always find I can read the same poems over and over but find a new perspective each time. If you're a Doors fan or you're curious about the more in depth personal side of Jim Morrison, this is a good purchase. 3 of 3 people found the following review helpful.

Was there ever a musician with more personal demons or such deep thoughts about this life because Jim Morrison is that and more. This books lets you into his mind and if you are like me you love the doors and have read other bios on jim, but to read his words that he never recorded...well that is the cherry on top. 1 of 1 people found the following review helpful. A Book You Can't Put Down.

I'm so glad I ordered this book, I LOVE Jim Morrison, such a great poet, I can EASILY get lost in the pages. I love that his actual handwriting is copied in the book along with his almost rare and unseen photos..I plan on ordering volumes 2 and 3 as well with any other books about him, poetry or whatever. Jim. Morrison was a poet at heart..also without Jim, there would be no " DOORS".He was a great soul who left this world entirely too soon. BUT, I can't help but wonder if he's still alive, somewhere living a simple quiet life without all the fame pain..But anyways, an EXCELLENT read.
