3 of 3 people found the following review helpful. a nice collection with a lot of crosswordsBy akrIt would have been nicer to have them organized chronologically instead of by difficulty level - or at least to have the dates published noted - but other than that, a nice collection with a lot of crosswords.4 of 4 people found the following review helpful. Favorite crossword puzzle book!By JanEnjoying this book, working one per day, it will be a while before I finish it. It is a good size for sitting on your lap or tabletop, the weight of the pages keep the book open. This is a thick book with a sturdy spine, one that you cannot fold backward on itself but that is not a problem for me. I love every Will Shortz crossword puzzle. They are well edited, well worded.8 of 9 people found the following review helpful. Surprised paperback sizeBy Sen Peng EuThis collection is a must-have for crossword lovers, as it (1) consists of 400 selected puzzle from NYT, and (2) celebrates the 20-year wonderful editing of Shortz, and (3) titles "Will's best".Just receive the book and solve some of them and it is satisfying as it could be. So the five stars is a prediction (it is impossible to review after solving all 400 puzzles) and I believe that.What surprises me is the size of the book. It is not in spiral-bound or large-print but in paperback! Somehow I hate it because there is no room for taking notes (I can always learn something new in NYT crosswords), however a paperback of 400+ pages looks like a serious (non)fiction and I enjoy the disguise. One can choose a page randomly and plunge in and enjoy it immediately. I must say that rare paperback (non)fiction has such an amazing property, lol.Another 20 years is ahead, Thanks for the wonderful puzzles!
