I thought this book would be perfect for me: I could unobtrusively keep busy during downtime at work. I decided to rip out pages since we arent allowed to read. I ripped out the first 14 puzzles and stapled them--and their answers--into two packets. The top of each page

stated the Puzzle Number and Light and Easy. I am going to publicly admit that I was able only to complete #2, #3, and #6 after putting in many hours of effort. I also admit that the puzzles were so challenging that many of them had very few added numbers. I just bought 2 books for children, but I shouldn't have to do. Puzzles labeled on each page light and easy should be just that! 1 of 1 people found the following review helpful. ... should be named "Ferociously Frustrating" This is not an easy puzzle book.
