tutor English, but I start my younger students out with a page from this book before I begin with English. It helps to put them in a logical frame of mind.0 of 0 people found the following review helpful. Great puzzle book!By dogbaitPurchased this for my wife who loves word puzzles and Sudoku. Recommend starting with the easier ones first till you get the hang of it and then move to the harder ones. If you like Sudoku, good chance you will like these also. Okay honey, I wrote your review, now can I have supper?0 of 0 people found the following review helpful. Five StarsBy dr. arnold lefkowitzgood price
