Smaller size book.By CustomerMedium to hard, IMO.Would have gotten five stars if the paper had been better quality, but it's very cheap.0 of 0 people found the following review helpful. Love this bookBy Linda W.Th size of the book is great for doing the puzzles without benefit of a surface where you can place the book. The individual puzzle size on the page allows for writing numbers in margins as well as in individual blocks of the puzzle. The medium level puzzles are a challenge without creating too

much frustration so that I need to look at the answer. This is my second Will Shortz medium Sudoku book. I am certain there will be a third. 0 of 0 people found the following review helpful. Love the large boxes and text
