Not as small as I expected, unfortunately.By theshonen8899I bought this thinking it would be a small flip book that would fit in my pocket so I could do these on the bus or an airplane. Unfortunately it's a little larger than a big novel so it's not as portable as I had hoped. This is in no way the publisher's fault or 's, but I have to get that out there in case anyone like me come across this book.Other than that, there are a lot of puzzles ranging from easy to difficult with nice bold fonts and solutions on the back side. It's a nice book to set on

the side of your desk for when you're bored.0 of 0 people found the following review helpful. Flip BookBy PaulaVery Happy with the flip book ---
