Tetsuya Miyamoto : Will Shortz Presents The Ultimate KenKen Omnibus: 500 Easy to Hard Logic Puzzles That Make You Smarter before purchasing it in order to gauge whether or not it would be worth my time, and all praised Will Shortz Presents The Ultimate KenKen Omnibus: 500 Easy to Hard Logic Puzzles That Make You Smarter:

2 of 2 people found the following review helpful. I started on easy. Too easyBy B. SteeleI started on easy. Too easy. Moved up to something harder in the middle of the book...getting better. Went to the end, but not the toughest, and have found my limit. Having direct access to all difficulty levels is the way to go. Also, they are large enough, unlike in the newspaper, to take notes in the margins and doodle when you're stuck. They did this correctly.0 of 0 people found the following review helpful. Bulky book that provides great valueBy Ben LeeThis book is really bulky which makes it less portable (it doesn't help that there's only one puzzle per page), thus it is most suitable to be placed at home for families to do the exciting puzzles. The print quality is also good. I suggest writing your answers on a separate piece of paper so that you and others can continually attempt the puzzles even when you've completed all the puzzles. After all, there are 500 unique ones with varying levels of difficulty so you can go back to the puzzles attempted before.0 of 0 people found the following review helpful. Five StarsBy Daphne FReceived item early and it was as described.

Perfect for solvers who just can't get enough, this colossal collection contains 500 easy to hard KenKen puzzles -- perfect for novices and experts alike. Features: 500 easy-to-hard KenKen puzzles Edited by legendary New York Times crossword editor Will Shortz Big grids with lots of space for easy solving

A puzzling global phenomenon The EconomistThe biggest craze to hit The Times since the first crossword puzzle was published in 1935. The Times of LondonEngland's most addictive newspaper puzzle. New York magazineThe latest craze in games BBC NewsSudoku is dangerous stuff. Forget work and familythink papers hurled across the room and industrial-sized blobs of correction fluid. I love it! The Times of LondonSudokus are to the first decade of the 21st century what Rubik's Cube was to the 1970s. The Daily TelegraphBritain has a new addiction. Hunched over newspapers on crowded subway trains, sneaking secret peeks in the office, a puzzle-crazy nation is trying to slot numbers into small checkerboard grids. Associated PressForget crosswords. The Christian Science MonitorFrom the Back CoverSudoku: One of life's simple pleasuresSudoku has taken America by storm! Puzzled by the wordless crossword puzzle? Try one or two of these simple, easy-to-solve sudoku and you'll discover what millions of fans already know: There's nothing as fun as sudoku!Features: 100 all-new simple sudoku Edited by legendary New York Times crossword editor and "America's puzzlemaster" Will Shortz Big grids with lots of space for easy solvingAbout the AuthorTETSUYA MIYAMOTO, the creator of KenKen, is a math teacher who runs a unique mathematics class for grade school children in Japan where he practices "The Art of Teaching Without Teaching."
